Clarification of News Report

We respond to your query dated 25 April 2018 requesting NiHAO Mineral Resources International, Inc. (the "Company") to submit comments and/or clarifications on a news article entitled "DENR limits areas for mining activities" posted in The Philippine Star (Internet Edition) on 25 April 2018. A part of the article reads as follows:

"MANILA, Philippines — The Department of Environment and Natural Resources (DENR) is limiting the areas to be mined and developed as the government moves toward prioritizing environmental rehabilitation of the country's mineral operations.

Based on its latest department administrative order, which is up for Environment Secretary Roy Cimatu's signature, DENR is limiting production areas from 50 to 162 hectares depending on the mine's annual production volumes.

Nickel mines that are producing up to one million metric tons annually will be allowed to work on 50 hectares and can reach up to 100 hectares for those with output of more than nine million MT.

Mine sites with processing plants can develop up to 162 hectares.

xxx

The mining firms have also expressed concern over the schedule of the implementation of order. The DENR wants it implemented in the next six months.

xxx

In reply to the Exchange, we note that the latest Department of Environment and Natural Resources ("DENR") Administrative Order limiting the area of operations on a staggered basis has not yet been signed by the DENR Secretary Roy Cimatu. In any event, the DENR Administrative Order will have no effect on operations and financial conditions of the Company considering that the Company's mining operations have not yet started. The Company is prepared to comply with any directives or policy decision for nickel operations of the DENR.

Very truly yours,

ATTY. ARSENIO C. CABRERA, JR.
Corporate Secretary
NiHAO Mineral Resources International, Inc.
